Updated whitelisted IP's

It has been brought to our attention that the IP whitelisting's were incorrect. We apologize for any inconvenience.

For safety and security, and to simplify, we've minimized our whitelisted IP's. This means:

- Please add the below IP's to your whitelist:
  - **SBI Network 69.30.37.80/28**
  - **Azure VNet 4.151.182.174**
- To ensure you have uninterrupted service, please keep all legacy IP's until February 20, 2024.
- Following **February 20, 2024**, please remove all legacy IP's, as they will be shut off. This will help keep your system as secure as possible.

Thank you for understanding. If you have any questions, please do not hesitate to contact us at **866.515.4909**.
