

Important Notice

We will be increasing our rates for 2022, which we haven't done in many years. Moving forward we must do so to respond to the cost pressures we, and we're sure you and your customers, are experiencing. We will be contacting you soon in regard to your specific rate increase.

2021 has been an exciting year. We're happy to let you know that we've grown our team size which has allowed us to focus on developing a host of new features, improve our deployment process to be able to output updates on a regular basis and enhance our customer service and response time.

Next year promises to be just as exciting. We will continue to provide the latest security protections and develop new product enhancements.

Be on the lookout for updates all year long!

We value all of our clients and we look forward to continued success for all in the new year.

If you have questions, please contact billing@sbiteam.com and our team will be right with you!
